Dad had a stroke & heart attack but our Father saw fit to keep him alive. He is making a slow recovery! Thanks for praying for him and my family as they care for him. He had his 83rd birthday and 61st anniversary in July. We're so thankful!

We got rear ended on the way to school. It scuffed the paint on the steel recovery bumper but his car got a bit more damage. Thankfully, no one was hurt, and we still taught. Our Father is answering your prayers.

We punctured a tire with a piece of rebar and God provided 2 new tires taken off a new Ford. Someone gave \$215 quickly to cover the need. Look how our Father takes care of us and answered quickly.

Our 19 year old washing machine failed to turn on tonight. The gel on the digital circuit board melted on the floor. We contacted service to see if there is anything we can do. We need your prayers. It's \$1,000 USD for a new one like the one we have, on sale. Please pray for His wisdom!

We love the fellowship of fellow believers of like faith on the field He has called us to. It's a blessing when they can see firsthand what He is doing and how to explain His work to others. Thanks for praying and supporting His work in whatever way He leads you as you pray. ~Bro. Rusty

## summer guests

Chloe finished her two-month stay with us. She hit the ground running with our Isaan work last month and then finished with our work in Chiang Mai. She was a blessing to us and to our students!

We had Bro. Joe Morell, his daughter Kelli, and her daughter Landry with us for a short but packed visit! They were able to stay at an AirBNB in our neighborhood which was very convenient. We had a long holiday weekend so we were able to fit in markets, elephants, a silk factory tour, a cultural dinner and show, fellowship, and some good eating. I think Chloe and Brooke enjoyed it as well. Then it was a full schedule of teaching, passing out

evangelistic booklets, and some soccer playing for Landry.

Between orchestrating domestic duties and being an amateur tour guide I was busy with more reporting for immigration. I finished May and June and was immediately asked for July. Please continue to pray since it looks like we'll be reporting quarterly now. If they'll decide on the number of photos we need, I think we'll be good. ~Susan

### Praises

\*You, Our Support Team!  
\*Daily Health, Safety, Protection!  
\*Planting & Watering Seeds!  
\*Clean air  
\*Safety in floods!  
\*Bro Joe's family safe travels & sharing Good News booklets w/ Students!
